Hi Frank,

Thanks for restoring my Aerostar van to a like new condition from the damages that occurred along with the vandalism. You did a fantastic job. When I picked up my van from your shop, the van looked so good that I thought it was a brand new van off a dealers lot. It goes without saying that it's only people such as you when great pride is given to total commitment of excellence. When people ask me where I had my van repaired and repainted. I tell them that Westcoast Auto Body did this wonderful job. I recommend your services to my family and friends, and will see you again when I need more work done in the future. You can use this message for a testimonial of Excellent service on your web site. I hope that you will benefit from the web site that I helped you to create. I tried to do as good a job for you as you did for me. Good Luck! with the web site. My van looks great in the before and after shot photo's.

Sincerely,
Mary Tanasy
